SKILLS: TECHNICAL

Programming

- Java : Intermediate
- Javascript : Intermediate
- C++ : Beginner

Web Development

- HTML : Intermediate
- CSS : Intermediate
- Java SpringBoot : Intermediate
- React JS : Beginner
- Express JS : Beginner
- Node JS : Beginner

Databases

- SQL : Intermediate
- MongoDB : Intermediate

SOFT SKILLS

- Problem Solving
- Leadership
- Collaboration
- Adaptability

CO-CURRICULARS

Participation in many hackathons: both internal and external.

An active member in *Lekhani: The Press Club* actively contributing in technical aspects of the club.

EDUCATION

- **2022 Amrita Vishwa Vidyapeetham, Bengaluru**
B.Tech in Computer Science | Ongoing
Current CGPA: **9.59 / 10.0**
- **2020 KIST college, Kathmandu, Nepal**
12th grade with PCMB | CGPA: **3.73 / 4.0**
- **2018 Baba English Boarding School, Nepal**
10th grade | CGPA: **3.80 / 4.0**

PROJECTS

Resume Ranking Model

Created a new Hierarchical data storage method in MongoDB to implement a new model using Java SpringBoot that could rank resumes based on scores by skills requirement in job descriptions.

MERN Blog Website

Applied MERN stack and Google Firebase API to develop a full-stack blog website, with custom REST API and OAuth functionalities.

CERTIFICATIONS

Java certifications

Training on Java fundamentals, data-structures and algorithms while focusing on best coding practices on efficient coding techniques from Springboard

Springboard | Database Management certifications

In-depth training on DDL, DML and TCL along with creation, performance analysis and optimization of complex subqueries in RDBMS. And, study on use cases on NoSQL databases.

INTERNSHIPS

Infosys Springboard Internship 5.0

Developed a full fledged industry ready application for employee training and performance monitoring in collaboration with a team using agile practices in Scrum, Java SpringBoot, and React.
