- Web Development
- Teamwork
- Time Management
- Leadership
- Effective Communication
- Programming
- Critical Thinking

LANGUAGES

- English (Fluent)
- Hindi (Fluent)
- Gujarati (Fluent)
- French (Basics)

PROFILE

Motivated and curious 3rd-year B.Tech Computer Science student with a keen interest in cybersecurity, web development, and project management. Gaining foundational knowledge in programming, network security, and web technologies, with hands-on experience through college projects and online courses. Eager to apply my growing skills in real-world scenarios, collaborate with peers, and contribute to innovative projects. Looking for opportunities to learn and develop further in a dynamic environment.

EDUCATION

Amrita vishwa vidyapeetham, Amritapuri	Saraswati Vidyaniketan Public School	The Delta Study
2022-2026	2022	2020
Computer Science Engineering	Grade 12 Percentage: 85.4	Grade 10 Percentage: 93.6

WORK EXPERIENCE

- CISAI** 2024 - Present
Cyber Security Intern
 - Cultivate critical thinking and develop effective cybersecurity strategies.
 - Investigate emerging tools and existing solutions for VAPT, and stay updated on newly discovered vulnerabilities.
- Innspark** 2023
Drone Team Member
 - Understanding the communication process between drones and ground control stations (GCS), as well as the role of each component in this system.
 - Creating a ground control station (GCS), retrieving data from the drone, and visualizing this information with a graph.
- Crashin Into You, Ruin Temple** 2022-2023
Self made game and animation video
 - Crashing Into You, is a 2D game developed in Unity, created as a challenge for a club event.
 - Ruin Temple is an animated video created using Cinemachine in Unity, which I developed while learning how to create animated cutscenes.
