 - **Cloud Computing:** AWS (Certified Cloud Practitioner)
 - **OS:** Windows 11, Linux (Ubuntu 24, Kali Linux)
 - **Tools/Technologies:** Git, GitHub, Wix Studio, Figma
-

CERTIFICATIONS/UPSKILLS

AWS Certified Cloud Practitioner Oct 2024

AWS Training and Certifications

Programming Using Java Aug 2024

Infosys Springboard

Database Management System Part - 1 Aug 2024

Infosys Springboard

Google Cyber Security Apr 2024

Google - DX5BUZMJ2GYB

TECHNICAL INTERESTS

- Cloud Computing
 - Full Stack Development
-

PROJECTS

- **Time Management and Productivity App (GitHub)**

Details: Developed a scalable SaaS application to help users manage time, set goals, and track productivity using time-blocking techniques.

Tools: Marblism, Docker

Link: [ProTime](#)

- **Weather Forecast Website**

Details: Built a web application to fetch and display real-time weather data based on user input.

Tools: HTML5, CSS, JavaScript, OpenWeatherMap API

Link: [Weather Forecast](#)

- **To-Do Web App**

Details: Created a dynamic to-do list application for managing tasks efficiently.

Tools: React.js, Express.js, MongoDB

Link: [To-Do](#)

CONTRIBUTIONS

- **Web Master** - ACM Student Chapter, Amrita Vishwa Vidyapeetham

Jul 2023 - Jul 2024

Developed a functional and user-friendly website for the ACM Student Chapter.
