SUMMARY

An aspiring student enthusiastic about machine learning and front-end development. Driven to apply knowledge and skills to solve real-world challenges by integrating data analysis, problem-solving, and creative design into innovative solutions.

EDUCATION

B.Tech in Computer Science
Amrita Vishwa Vidyapeetham, Kollam
Currently in 3rd year
CGPA: 8.8

Higher Secondary Education
Kendriya Vidyalaya Chenneerkara, Pathanamthitta
Graduated in 2021
Percentage: 92%

High School Education
Kendriya Vidyalaya Chenneerkara, Pathanamthitta
Graduated in 2019
Percentage: 94%

PROJECTS

- **Online Quiz Platform**
  Developed an interactive online quiz platform using Streamlit. Integrated features include real- time scoring, result tracking, and a user-friendly interface for enhanced user experience and seamless quiz participation.

- **Churn Predictions Using Machine Learning**
  Built a predictive model to analyze customer churn using advanced machine learning techniques. Applied data preprocessing, feature selection, and comprehensive model evaluation to deliver accurate and actionable predictions.

- **Library Management Website**
  Designed and developed a responsive library management system using HTML, CSS, and JavaScript. Added features for book cataloging, user management, borrowing history tracking, and a streamlined user interface for easy navigation.

TECHNICAL SKILLS

- **Programming Languages:** C, Python, Java
- **Web Development:** HTML5, CSS3, JavaScript
- **Other Area::** Machine Learning
